## Description:

There's no doubt about it, breakups suck. But in the first few hours or days or weeks that follow, there's one important truth you need to recognize: Some things can't and shouldn't be fixed, especially that loser who dumped you or forced you to dump him. It's over for a reason, and deep down inside you probably know what that reason is. It's called a breakup because it's broken, and starting today, you're not the kind of woman who settles for broken, or hangs on to damaged goods, be it a radio, a pair of shoes, or a relationship. It's time to get rid of all the broken stuff you've been lugging around for days, months, and maybe even years, and make the bold decision to start looking for stuff that works! Because the longer you stay stuck in a dead-end relationship, the less time you get on this planet to experience a great one. So download this book, and let's dive in, our goal is to

help you turn your breakup into the event that changes your life for the better in ways you never dreamed possible. It's not an end, it's a beginning! After all, you are a Superfox.
